

FAR WEST SKI ASSOCIATION

THE

COUNCILMAN

VOLUME VIII

NUMBER 1

JULY/AUGUST, 1989

PRESIDENT'S REPORT

by Michael Favia

I would like to take this opportunity to thank the FWSA Convention Delegates for re-electing me president. I'm setting a number of goals for the Board and myself which should result in the continued progress of the Far West Ski Association. Achievement of these goals will require the full co-operation of the Boards of Directors, and Trustees, as well as committee chairpersons.

You have elected strong and dynamic Boards. They are a mix of new (on the FWSA Board) and experienced individuals. All of them have held office at club and council levels. They also have expertise in the functions of the office to which they have been elected. It may take a little time for the group to meld into a smoothly functioning team. Several of the functional VP's are off and running.

I'm particularly pleased with the progress of John Watson in Public Affairs and Paul Arrigo in Councils Development. John presented a preliminary version of the Public Affairs organization chart and descriptions at the July Board meeting. Some of the committees personnel and task force coordinators have been designated. The Task Force leaders are Louis Buhler and Karen Kimball.

John plans to publish a Public Affairs newsletter called SKIWATCH, edited by Pat Boyd. He also developed a FWSA General Position on Ski Area Development and Rules for Association Positions on Lands Issues. A letter was written to the USFS Regional Supervisor expressing the Far West Ski Association "--desire that our working relationships regarding skiing be sustained and reinforced". There is much more, but I'm sure that John Watson wants to write about them in his newsletter.

John Arrigo is making progress with Councils Affairs. Some members have questioned the value of being a FWSA member. Paul wrote to all the Council presidents asking them to list those things which the members want the FWSA to do for them. A compilation of the responses was presented at the July 16 Board meeting. The Board selected six of the items that they considered important and established action benchmarks for study and resolution.

Lauren Nagle, Travel V.P., presented an interesting list of suggestions for travel programs. They merit consideration and I am asking her to develop the suggestions in greater detail.

Mary Costigan is going to have her hands full with Communications. She will be fully involved in the Councilman, plus the Skiers Guide and the Skiers News. Obviously, she will need assistance. You can really help by getting your Councilman articles to her on time. We don't need filler articles. Woody Hogan and Gene Fulkerson are experienced in the tasks of their offices and will do their usual excellent jobs.

This article is meant to give you an overview of that which is going on at the Directors and Trustees level. If you want more information on the foregoing subjects, please write to me and I will give you more detailed information.

We have told you what we expect to accomplish. All of it can't be done by a few individuals. We need more dedicated volunteers. If you want to get involved with a winning team, write to me and I will see that you will be assigned a job. I have gathered that you want more action from the FWSA - you are also a FWSA member. Come and help us get more action.

1989 ANNUAL CONVENTION REPORT

by Janie "Frankie" Hansen
1989 Convention Chairman

June 2-4, 1989, FWSA held another very successful, as well as very productive, Annual Meeting/Convention. It was hosted by the **BAY AREA COUNCIL**, all of whose Council Officers and club members are to be congratulated for their hard work and dedication to making this one of the best Conventions held in recent years. There are so many people who should be recognized and thanked, but I especially wish to thank 3 very wonderful **BAC** people - **PAUL ARRIGO, GEORGE BURTT AND GAYLE GRANT**.

The large turn-out of and participation by FWSA members is another factor that contributed to this successful event - 230 registered Delegates, 90 sponsors industry representatives, as well as **BAC** non-delegate workers, guests of Delegates and more, attended the Convention held at the San Francisco Airport Hilton.

The 4th Annual Silent Auction was our best ever, thanks to **JANE WYCKOFF CLARK** without whose year of hard work putting this event together, it probably wouldn't have happened! With 90 industry representatives, Convention Delegates and **BAC** club locals, there were well over 500 people in attendance at the Friday night Silent Auction and dance.

1989 FWSA CONVENTION SILENT AUCTION/TRAVEL CAROUSEL

by Jane Wyckoff Clark

FWSA Ski Industry Liaison

The Fourth Annual Silent Auction, held on Friday evening of the Convention, was the most successful event since initiating the program four years ago...not only financially, but in industry participation as well. Our generous sponsors made a record \$44,347 in donations to the Silent Auction.

The proceeds raised from this event assist the FWSA in providing a quality program for the industry representatives participating in the program, helps offset Convention expenses to keep the delegate registration fee at a nominal cost, and enables the FWSA to finance its programs for the coming year. In addition, a portion of the proceeds are donated to ski foundation projects.

The Saturday morning Travel Carousel assists ski clubs in planning their ski and sports trips. This program was added to Convention activities three years ago, due to the large number of ski industry representatives already at the Convention for the Silent Auction.

The Bay Area Council is to be commended for its outstanding promotion and support of the Convention as the Host. As Silent Auction Chairman, I would like to extend a special thank you to: Judy Purdom, BAC Silent Auction Coordinator; John Chong, BAC Assistant Silent Auction Coordinator; Marion Szarka, Bid Board Preparation; Elaine Bruni, Bid Board Preparation; Michael Favia, Operations; and Alan Christian, Auctioneer. I would also like to thank Janie "Frankie" Hansen and Fay Mumbauer of the Far West Ski Association for their valuable assistance in registration of the many industry guests.

A list of the participants in the Silent Auction/Travel Carousel are listed on the next page. Please show your appreciation to the industry participants in our FWSA programs by supporting them in your local ski clubs and councils.

NO AFFILIATION FEE REQUIRED OF CLUBS BELONGING TO FWSA COUNCILS!

V.P. OF MEMBERSHIP REPORT

by Lisa McCarty

A resolution to eliminate the FWSA annual Affiliation Fee for clubs belonging to one of the Far West's seven Councils was passed by the Convention Delegates at the FWSA's Annual Meeting/Convention on Sunday, June 4, 1989. The annual Affiliation Fee policy will remain in effect for those clubs that do not belong to FWSA Councils.

At the meeting of the new FWSA Board of Directors, immediately following the Convention, it was decided that a letter would go out to the 60+ clubs which had already sent in their 1989-90 affiliation fee, notifying them of the new policy and giving them the right to direct those already submitted funds to a FWSA program, such as Public Affairs, Ski Sense and Safety, etc., or to have the fee refunded to them. All funds designated by clubs to be used for specific FWSA programs will be put aside and held for only those purposes.

Now the big task. Getting the correct club and current club officers information from the over 150 clubs which we currently have in our database.

To date, we have received the annual Affiliation Renewal Form (see next 2 pages). It gives us the current information we need on Far West clubs (where they meet and when, their membership numbers, dues amounts, club officers, etc.) from 60 of the 151 clubs with whom we correspond.

We need the information on all clubs in the seven Far West Councils (Bay Area, Central, Inland, Los Angeles, Orange, San Diego and Sierra).

The following is an alphabetical list of the 60 clubs from whom we have received updated forms. If your club is not on the following list, please use the form on the next 2 pages. Have someone in your club get this information to us right away so that we can enter your officers in the computer and start receiving our publications.

1. Travel Documents (airline tickets, baggage tags, etc.) will be given to group leader 15 days prior to departure (or earlier if a specific request is made) unless SPORTOURS is asked to mail to individuals directly.

RESPONSIBILITY:

1. SPORTOURS as principal is responsible to travel participants for arranging and providing all the services and accommodations offered as constituting the package trip price. Provided, however, that in the absence of negligence on its part, SPORTOURS is not responsible for personal injury or property damage arising out of the act or negligence of any direct air carrier, hotel or other person rendering any of the services being offered in connection with the package trip.

SPORTOURS shall not be responsible for any delays, substitution of equipment or any act of omission whatsoever by the air carrier, its agents, servants, and employees and the tour participant hereby waives any claim arising therefrom.

TRIP INSURANCE:

1. Information on optional trip cancellation, health and accident insurance will be included with travel documents and is available for sale to participants. Cost for such insurance is \$22.00 to \$44.00 per person based on coverage. Enclosed is a copy of the policy available through SPORTOURS.

HIGHLIGHTS OF MINUTES - BOARD OF TRUSTEES MEETING

San Francisco Airport Hilton
June 2, 1989

The meeting was in two parts; the first led by Chairman Wagner, the second by Trustee Watson.

1. General issues discussion and recommendations to the Board of Directors.
2. Long Range Plan (including report card on FY '89)

Financial

The year-end financial reports should be reviewed by the Boards of Directors and Trustees before inclusion in the convention booklet. Officers' and directors' expenses should be a separate category rather than allocating them to programs.

Membership

A number of issues were discussed, with only two resulting in action recommendations. Chuck Morse objected to the term "unaffiliated". There was general agreement that the category labels need revision. The geographic scope of FWSA was discussed. There was neither general agreement on whether to expand our scope nor on specific states in which we could have appeal. When FWSA was affiliated with USSA, we covered Hawaii, Arizona, and most of Nevada. We still have influence in Nevada. Potential feasible targets include Utah and New Mexico. The Pacific Northwest was deemed infeasible.

The discussion continued on the effects of waiving the \$35 fee for club affiliation. Watson indicated that he expected this resolution to come to the floor at the annual meeting. The Board of Directors should restore the Life Member categories (paid and honorary). The Board of directors should revise the voting rules for unaffiliated members at convention to be consistent with club members' voting privileges. The VP Membership should include in her game plan for FY '90 specialized appeal options for individuals, corporate groups, and other targets.

Communications

Discussion centered on the finances (and reporting of them) for our publications, and what editorial control is exercised. Jane Clark indicated that advertising sales for two publications issued at ski show time would require an alteration of rate cards and additional effort. Currently, there is one issue each of Skiers News and Skiers Almanac, but at convention and ski show time respectively. The initiative here is to increase newspaper coverage of our actions for our members; the Almanac is more a continuing reference booklet. The Councilman cannot fill this news role because of cost, circulation, and format. It was generally agreed, without being specific, that we need to find more ways to communicate and to be more visible. A publicity subcommittee was suggested. The Trustees recommended that the Board of Directors fund not less than six and up to 12 issues of the Councilman.

Long Range Plan and Report Card for FY '89

This exercise commenced at 4 p.m. and extended to 5:15 p.m. led by John Watson. The plan document is appended. The LRP action was divided into the following areas: Historical format and functions from prior years. Recap of "global" issues; "Report card" for FY '89 based on last year's recommended agenda items; Review and plan of FWSA actions vis-a-vis an expanded figure of merit list; Recommended FY '90 agenda items (to be added to the FY '89 list where appropriate and reviewed periodically as well as graded at the next annual meeting).

**V. P. OF DEVELOPMENT REPORT
(SPONSORSHIPS AND FUND RAISING)**

By Gene Fulkerson

HOW TO APPROACH AND OBTAIN SPONSORS FROM BEER AND WINE COMPANIES

1. Check and see if anyone in your organization works with or knows someone at the brewery or winery level. This also involves the wholesaler who represents the brand. In many cases you'll be dealing with both.
2. Only one person in your organization should be in charge of coordinating/working on obtaining the sponsorship and should be sure to keep everyone working toward one purpose - obtaining that sponsorship. One undue phone call by anyone except the key person could ruin the whole deal.
3. Start early - many companies have a minimum, length of time they require for approval of sponsorships, whether because of budget deadlines and/or allotments which get used up quickly; lengthy processing procedures (they may have to go through a head or regional office); or whatever.

Writing the sponsorship request letter - remember to include:

1. As a non-profit/tax exempt organization, your correspondence/letter to a potential sponsor must have your Federal I.D. number on it - they always want and need that information.
2. Copies of your newsletters, flyers, etc., or anything else you may have used for the promotion of an event in the past. They should show the promotion you did for your previous sponsor/s. This will help in your sponsorship request presentation.
3. Remember to tell them: Who will get the flyers you distribute? How many will be printed and distributed? Total impressions - Example - a newsletter is sent to someone's home, which in turn is read by 5 other/additional people. A poster is seen by 1,000 people per day, etc.
4. Basic age of the group you cater to. If you have a long-term sponsor, you should mention your organization's turnover - such as, "every 3 years" (this length of time seems to be pretty standard in most ski clubs).
5. How many people you expect to attend the event.
Do not expect money, particularly this first time out - but you can try. It is better to request product, trophies (bearing their logo), T-shirts, etc. Use this as the door opener in your presentation.

When talking to sponsors, keep in mind your and their objectives. You can generally find out who is after what by looking at advertisements slanted toward your particular sport or event.

HOW TO OBTAIN SPONSORS

Keep in mind the size of your event and the general area you are dealing with - national, regional or local. This should be addressed first when you layout your groundwork. Either way, you will end up dealing with the local representatives or their wholesaler - they can make or break your event!

Afterwards you must follow thru with an article in your newsletter about the success of the event - with pictures, if possible and send several copies to each sponsor along with a thank you letter. You may also want to enclose a list of your coming year's activities which they might be interested in sponsoring. If the event you are requesting sponsorship for is going to be an annual event, let them know that; as you may want to obtain, from them, and use their logo, etc. throughout your newsletters in the coming year.

If you plan to contact a liquor company for a sponsorship, please contact me first as I may be able to give you some direction. Any additional questions - just drop me a line or call me at (619) 224-4221 evenings. Wishing you the best of luck with your efforts.

GOOD SENSE & SAFETY

by Janie "Frankie" Hansen

We wish to thank TRW Ski Club (LAC) for the following information/safety tips for waterskiing events and the sample waiver on page eleven.

One of the topics discussed in the Finance & Corporate Status Panel, during the recent FWSA Convention this past June, and I understand in the Presidents Forum, as well, was the use of waivers by clubs and for their events. In the Finance Panel, a request that FWSA print samples of waivers in "The Councilman" was voiced several times. We plan to print a different sample club waiver form in several up-coming issues, but we wish to make it very clear that these printings are in no way endorsements or recommendations for the use of these waivers, neither by FWSA, nor the clubs or organizations whose names may appear on them, but strictly for informational purposes as examples of possible formats.

The following waterskiing guidelines excerpts were taken from a 3-page article put out by TRW for its club members:

WHILE IN THE BOAT

- If you are asked to be the observer, please recognize the responsibilities of the job
- If a rope or skier is in the water, the flag **MUST** be up
- Advise the boat driver of skier hand signals
- Warn the driver as soon as the skier is down
- If you are not the observer, please offer your services to retrieve skis and lines, and assist skiers in and out of the water

WHEN SKIING

- Tell the boat driver your ability and whether you want his teaching assistance
- Enter the water when instructed and put your skis on in the water
- The only start command the boat driver will respond to is **"HIT IT!"**
- Use thumbs-up and thumbs-down hand signals to request more or less speed
- **DO NOT** ski close to the shore or other boats
- **NEVER** spray a passing boat with your ski wake
- If you fall, hold up your hand or ski to signal other boats of your presence
- If you wipe-out, hold up your hand or ski to signal the boat driver that you are okay
- When you finish skiing, **DO NOT** drop in a congested area or in front of another boat
- If you enjoyed the ski run, thank the boat driver

CARE OF BOATS

- Respect drivers' suggestions on how to get in/out of the boat
- Hand skis in carefully to avoid chipping fiberglass or tearing seats
- Enter the boat with clean feet
- Never stand on a seat or the boat deck
- Retrieve empty cans from the boat after each run

USE OF SKIING EQUIPMENT

- One slalom ski, or ski pair, and waterski vest is provided per boat
- Use care getting in and out of ski vests
- Adjust ski binding finger tight only
- Enter binding carefully to avoid tearing rubber

(FWSA Note: The use of a printed safety tips or guidelines flyer customized for each type of event a club runs, which flyer is given to each event participant (prior to the event), might be a very good idea for helping to reduce accidents, injuries and problems)
